

HOW TO REGISTER FOR A STUDENT ACCOUNT

Before your students can register for their Student Accounts, they will need your school's unique 3 digit Student Code. There are **three different ways** of getting this code:

METHOD 1

Go to <https://www.climateschools.co.uk/> and login to your Teacher Account using your username and password. Once logged in, you should see your school's unique 3 digit Student Code displayed in a green box.

METHOD 2

When your school registered for a Climate School's account, the registering teacher should have received a confirmation email from info@climateschools.co.uk. This confirmation email will display your school's unique 3 digit Student Code.

METHOD 3

You can email info@climateschools.co.uk to ask for your school's unique Student Code.

Once you have obtained your school's unique 3 digit Student Code, give this code to your students and ask them to follow the steps below to register for their own Student Accounts.

STEP 1

Go to <https://www.climateschools.co.uk/>.

STEP 2

Along the top bar, find and click the *Students* link.

STEP 3

Fill out the form with your Student Code, email address and password. Then click the *Register* button.

★ Student Registration

Student code	<input type="text" value="TD3"/>
<small>To register, you will need your 3 character 'Student Code' provided by your teacher.</small>	
Create username (email) *	<input type="text" value="samuel.parker@nsw.edu.au"/>
<small>Your username must be an email address.</small>	
Create password *	<input type="password" value="....."/>
Confirm password *	<input type="password" value="..... "/>
<input type="button" value="Register"/>	

STEP 4

Students will now have a Student Account (they do not need to wait for approval). After registering they will be directed to the Student Centre page where they will have access to all student resources.
